The copy filmed here has been reproduced thanks to the generosity of:

Thomas Fisher Rare Book Library,
University of Toronto Library

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Thomas Fisher Rare Book Library,
University of Toronto Library

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

FREIGHT

I PREPAY freight on all goods quoted in this catalogue (except Coal Oil, Flour, Pork, Lard and Cottolene) to any railway station in Ontario, except to points north of the Lakes, that is on the north shores of the Georgian Bay and Lake Huron and Superior; neither do I pay freight to stations farther north than Gravenhurst.

If you do not live north of Gravenhurst and order goods from this catalogue to the amount of ten dollars or over, I will deliver them free of freight to your nearest railway station; I do not charge anything for either boxes for packing or the packing itself.

Should you live north of Gravenhurst, I ship goods with the understanding that you pay freight from Toronto, and I allow a discount of five per cent. off invoice on all goods except tobacco, on which I allow three per cent. There is no discount off Coal Oil, Flour, Pork, Lard or Cottolene.

When Flour, Pork, Lard or Cottolene are included in a general order, upon which I pay freight, I add to your invoice the amount it actually costs me for freight on any of these goods.

I do not pay freight on any order amounting to less than ten dollars unless it contains a ten pound caddie of Tea or twenty pounds of Tea Siftings.

On all orders amounting to over four dollars, on which I do not pay freight, I allow a discount of five per cent. No discount is allowed in any case on Coal Oil, Flour, Pork, Lard and Cottolene.

If you wish goods sent by mail sufficient money must be added to cover postage.

When you wish goods, upon which I do not pay freight, shipped to a flag station, you will have to add enough money to cover freight.

POSTAGE RATES

Goods done up in parcels not weighing more than five pounds may be sent by mail at the rate of one cent per ounce.

Books one cent for four ounces or fraction thereof. Blank books and writing paper and envelopes are not included in the above, but cost one cent per ounce. Seeds one cent for four ounces.

FOR TERMS, INSTRUCTIONS, ETC., SEE PAGE 88.

SIGN YOUR NAME TO YOUR ORDER.

MANITOBA AND THE NORTH-WEST TERRITORIES

It is for the special benefit of my numerous friends and customers, outside of my freight district, that instead of paying freight I allow five per cent. off the prices in this Catalogue, as it allows the very smallest margin of profit after paying for packing, etc.

Flour, Meats, Meals and Coal Oil are quoted at net cash; no discount.

Might also say that my clerks have instructions to take especial care and to use only first-class boxes in packing goods to be shipped to the North-West Territories.

All orders from outside of Ontario must be accompanied by the cash, and when you wish goods delivered at a flag station, you will have to add enough to cover freight.

SUGARS

Sugar quotations are subject to market fluctuations.

My prices on Sugars at the present time are as follows :—

No. 1—Best Extra Granulated Sugar, in barrels about [illegible] lbs.	$0 04 per lb.
Extra Bright Sugar, in barrels about 300 lbs	3¾ "
Diamond Sugar, in barrels about 300 lbs	3½ "
Golden Yellow Sugar, in barrels about 300 lbs	3¼ "

The above prices are for Sugars in original packages in quantities named. Any less quantity will have to be put up in cotton grain bags, for which I charge you twenty cents each, or if I put sugar in paper or half-barrels it will cost you one-quarter of a cent per lb. advance on above prices. Do not charge anything extra on sugars in grain bags except for the bag, neither do I charge for any package except bags.

These quotations are freight paid to any railway station in Ontario south of Gravenhurst. If you are not inside my freight district I allow a discount of five per cent. off these prices. For full particulars as to freight see inside front cover.

Should sugars decline in price I will certainly give you the advantage of the difference, and I will not raise these prices unless I am forced to do so, and you can always depend on getting your sugar from me at the lowest wholesale price.

Cut Loaf Sugar, in 50 lb. boxes	$0 06 per lb.
Cut Loaf Sugar, less than boxes	0 06½ "
Icing Sugar	0 06½ "

Last year I recommended my Diamond Sugar, and I may say that I am still of the opinion that it is the very best yellow sugar to buy.

The sugars that I send out are the very best that are to be had. My Granulated is acknowledged to be the purest and most refined in the world.

Special Blend

No. 100—Black Ceylon Tea ..... $0 30 per lb.

Star Blend

Star Blend Ceylon Tea in one pound lead packages, either black or mixed, retail price 40c. per pound. My price to you ..... $0 30 per lb.

This is undoubtedly the best package tea on the market. You have only to try it to be convinced of its value, great strength, and fine delicious flavor.

My Teas seem to need no recommendation where they have been tried, as the same parties who bought their tea from me when I commenced business, still use the same brands.

If you are not pleased with the teas you are now using, I respectfully request you to give mine a trial, as I feel so confident that they will please you, that on

receipt of price quoted I will ship you a ten pound caddy to your nearest railway station (if inside my freight district), freight prepaid, and if it is not satisfactory to you, it may be returned at my expense, and I will refund your money at once.

My sales for tea are ever on the increase, and in buying from me you are sure not to receive any old stock. You are probably aware that some of the tea which you buy may have been in the wholesale for some time, when it is bought by some retail merchant who has it in stock a longer or shorter time, which does not add to its strength or flavor.

I will ship you ten pounds of Tea, freight paid, to your nearest railway station, but cannot ship less than twenty pounds of Tea Siftings alone.

If you are not prepared to send a general order for goods, I will ship a ten pound caddy of Tea, and if it is not satisfactory you can return it at my expense of freight, and I will refund your money.

I will put my teas up in five, ten, fifteen, twenty and twenty-five pound caddies, at list prices; but if you order by the half-chest, *I will allow a reduction of 2½ cents per pound off all teas,* except Siftings.

A half-chest of tea contains from 60 to 80 pounds.

In Lodges, where there are a number of parties ordering tea to the amount of fifty pounds or over, I can put it up in five and ten pound paper parcels, and pack it in a half chest, *and allow you 2½ cents per pound reduction off each kind,* but in no instance can I ship less than fifty pounds at the reduced rate.

No. 65—Japan Tea	$0 30	per lb.	No. 105—Hyson Tea	$0 40	per lb.
" 99—Japan Tea	0 27½	"	" 47—Hyson Tea	0 30	"
" 66—Japan Tea	0 25	"	" 107—Mixed Tea	0 40	"
" 111—Japan Siftings	0 12	"	" 49—Mixed Tea	0 30	"
" 5—New Black Tea	0 40	"	" 100—Sp'l Bl'd Ceylon	0 30	"
" 7—New Black Tea	0 30	"	Star Blend Ceylon	0 30	"

All the above list of Teas are very special value, and I have no hesitation in saying that any of them would give you good satisfaction.

No. 75 Special Japan Tea at twenty cents per pound has had very large sale.

My customers, who have tried it, insisted on me continuing to supply them, and any orders that I may receive will be filled at the usual price, twenty cents per pound, although it is really worth twenty-five cents wholesale.

There is no reduction off No. 75 Japan Tea in fifty pound lots.

DRY GOODS

The constantly increasing trade in the past not only bespeaks confidence from my many customers but demands that I add many new lines to this season's catalogue.

The majority of my customers are now buying their Dry Goods from me as well as Groceries and find that they can be as well suited as though personally present, and at a much lower price than they can possibly purchase from the retail stores in their own locality.

As I guarantee all lines to be as represented, you run no risk in placing your orders with me, as I will refund your money if not satisfactory.

Do not judge the quality of goods from the prices quoted as the low prices are due to the better facilities for buying and not from any inferiority in quality. I shall be pleased to furnish you with samples at any time from which to make selection, and for comparison.

If you have not already done so send a trial order.

COTTON SHIRTINGS—

Invite you to write for samples, as I carry the very best goods made.

I am still able to offer you those heavy **Standard Shirtings** at the old price although the market really demands more. Why pay 14 and 15c. per yard for Shirtings when I will sell you the very heaviest and widest Shirting made for 12c. per yard. They are made in Indigo Blue Stripes and Checks, or in Brown and White Checks and Stripes and are strictly fast colors. I have also the common Shirtings such as retails for 12½c. which I sell you at 10c. per yard. Also a leader in an English Oxford Shirting in small patterns, very suitable for boy's and men's finer wear, fast colors and pretty goods, excellent wearers for the special price 8c. per yard. I will allow a special discount of ½c. per yard off any of the above shirtings when ordered in full pieces of about fifty yards.

COTTONADES—

I have yet to find anything to compare with my famous Cottonades in Tweed effects and Canton backs.

If you have not had any of my Cottonades, you should send for a trial order, and convince yourself of the values I am offering, and compare them with anything you can buy at a much greater price. Or send for samples, which will be promptly sent.

My famous Cottonade, fancy stripe, in Tweed effect, with Canton backs, for the extreme low price, 21c. This line is usually retailed at not less than 25c. and not always obtainable at that. I have also another lot of Imported Cottonades in fancy Worsted patterns, which I also place at 21c. Also a heavy 10 oz. Cottonade, which I have reduced to 19c., a 9 oz. Cottonade for 17c., and an 8 oz. for 16c.

I can also supply you with lines at 12c. and 15c., but would advise you to buy the heavier lines for general use and you are sure of satisfaction. I will allow a special discount of ½c. per yard off any of these cottonades when ordered in full pieces of about 50 yards.

TWEEDS—

The demand for these lines has been such that I have decided to carry a more complete line of these goods than ever before.

Can supply a union tweed, mixed cotton and wool, which is very suitable for boys' clothing, at 25c. per yard; this would give better satisfaction than an all-wool tweed at much more money, as it is stronger, and will give better wear.

All wool Canadian Tweeds.30, 35, 40c. "

I have just purchased a very special line which I will sell at 35c. and which are very suitable for men's suitings.

SCALES

Last year, being asked by a number of my customers for cheap scales, such as advertised by other houses, I secured an Eastern made scale, which I was able to sell at their low prices. I sent some of them to my patrons but found that they were constructed of such poor material that they were unsatisfactory. This year I have decided to handle scales which I can recommend, even if I have to charge a little more for them. I will be pleased to sell you a good scale, but do not wish to impose on you by selling an inferior article.

ROYAL CANADIAN WRINGER

In ordering a wringer it will pay you to buy a good one; the Royal Canadian Wringer which I sell is the best and most improved, is manufactured by Dowswell Bros., of Hamilton; has best solid white rubber rolls, vulcanized direct to the shaft, two screws on top, double tooth cogs at both ends; patent tub attachment. There are wringers made by several different firms all known as Royal Canadian, and which are sold at different prices. The principal difference is in the quality of the rolls, and I believe that the rolls in my wringer will last twice as long as those on some of the others.

TINWARE

You will kindly remember, when ordering Tinware, that it never holds out in measure, but it is the same size as quoted you by all other houses.

It is made according to an old standard recognized by all manufacturers, and it is impossible to induce them to change it.

I will give you a few examples of what they hold:

A Pail.....called 12 quarts holds about 10 quarts.
A Pail.....called 10 quarts holds about 8 quarts.
A Milk Pan....called 8 quarts holds about 6 quarts.
A Milk Pan....called 6 quarts holds about 4 quarts.
A Milk Pan..called 4 quarts holds about 2½ quarts.
A Dipper.....called 2 quarts holds about 1 quart.

In the following list articles described as I.C. are ordinary tin; I.X., medium weight, good quality; I.X.X. the heaviest and best; re-tinned goods have an extra coating of tin which adds to their weight and appearance and prevents rust.

GRANITEWARE

My Graniteware is the very best, in all three kinds. The white is a beautiful ware and seems to be coming into general use; my selected graniteware is mottled in color and the very best that skilled labor can produce; my No. 1, it is claimed by the manufacturers of it, is equal to anything on the market, and I certainly must say that it looks first-class and gives good wear and general satisfaction.

The measurements which I quote you are those of the manufacturers, and, as in tinware, they are always short; to get an idea of the proportion of actual measure to so-called measure, I refer you to the note at the head of tinware.

TERMS

My terms are cash with the order, except to Lodges and Clubs whose orders are signed by the Secretary and President, also the seal attached. To these I grant the privilege of ordering goods and remitting for them as soon as they are distributed, which must be within thirty days from date of invoice. In future, unless it is specially arranged, I will not accept an order from any party who owes an invoice. Each bill of goods must be paid for before another is shipped.

To parties who previously have been receiving goods from me on thirty days time, and who have their accounts paid in full, I will ship on the same terms as Lodges.

In Lodges, have your orders signed by the President and Secretary.

In remitting money, send it by Post Office Order, Draft, or Express.

Register all letters containing money matters, as they can be traced if they should go astray.

All remittances must be made payable in Toronto at par. Do not send checks on Local Banks unless you add enough to cover the exchange, as it costs me 25c. each to get them cashed.

Postage Stamps accepted at par for all sums less than One Dollar.

All quotations subject to market changes.

NOTES

If you would like a number of my Price Lists for distribution among your members, kindly drop me a post card, and I will send you some by return mail.

I will ship you ten pounds of Tea, freight paid, to your nearest railway station.

I cannot ship less than twenty pounds of Tea Siftings separate.

If you are not prepared to send a general order for goods, I will ship a ten pound caddy of Tea, and if it is not satisfactory you can return it at my expense of freight, and I will refund your money.

I make no charge for cases in which I pack my goods.

I am often asked to ship orders on which my profit does not cover the freight, consequently I cannot afford to fill them; so you will please remember, when making up your order, to make it as large as possible.

I do not agree to pay the freight on any order amounting to less than ten dollars, unless it contains a ten pound caddy of Tea.

Any goods you receive from me I will guarantee to be satisfactory; and if you find them not as represented, you can return the goods, and I will pay freight both ways and return your money.

I do not employ any agents on commission or salary, and therefore am not under the heavy expense of other houses who employ agents.

Remember, the prices quoted in this list are freight paid to your nearest railway station.

I will ship five pounds of Tea when ordered with other goods; but when ordered alone, ten pounds of Black, Green or Japan, or twenty pounds of Siftings, is the least quantity upon which I can pay freight.

Any of your neighbors who would like to buy wholesale, and who have not been receiving my list, kindly send me their names and address, and I shall be pleased to forward them a catalogue.

It will pay you to club together with your neighbors and order in bulk as much as possible, and receive your goods at wholesale prices.

All Mail Orders receive my most careful attention, and are filled promptly at the same prices as if you were here personally, although when you are in the city I would be glad to see you.

BUTTER, EGGS, POULTRY, ETC.

I will receive all your Butter, Eggs, Fowl, etc., and will sell them for you at the highest prices I can get, and send returns when sold in either cash or goods, according as you wish.

I have a large trade with the retail merchants of Toronto, and can therefore handle all produce to advantage.

In the warm weather, unless you have a butter-box with an ice-box inside, it is not advisable to ship roll butter or prints, as it frequently arrives in very poor condition. If you send at all during the summer time, it would be better to ship in pails or tubs.

In shipping poultry, do not pack them until the animal heat is out of the fowl, and *do not scald them.*

Always write me when you ship any produce, stating full particulars as to count, weights, etc., also whether you have paid express charges or not, and whether you desire me to remit the money or place it to your credit, as I will return the cash or goods according as you wish.

Do not ship poultry in warm weather.

When consigning produce to me, kindly put your name and address some place on the box or case, as it is often very difficult to tell whom goods are from, as I receive a great many consignments every day from all parts of Ontario.
